GENESIS OF LOK PRERNA

Lok Prerna was founded in the year 1992 by a team of young social activists with good knowledge and understanding of local issues and practical field experience of more than 25 years, under the guidance of a 29 year experienced social worker and follower of JP, the great Sarvodaya leader of international fame. Idea behind formation of the society has been putting all experiences of social development and rural reconstruction into practice.

Lok Prerna started its journey from a Tribal village located in Pakuriya block of Pakur district in Santhal Parganas. Gradually the operational area was extended by covering number of villages, blocks and districts of Santhal Parganas based on established contacts with the people and rapport developed. Currently Lok Prerna is operating in more than 2000 villages located in 25 blocks of Dumka, Deoghar, Jamtara and Pakur districts of Santhal Parganas.

Tribal - santhal and paharias, SC, rural youth, deprived women and children, marginal farmers as well as the artisans of Santhal Parganas have been the focused target people of Lok Prerna for its intervention. School and college dropped out girls and boys, victim girls and boys of child labor and rural people unaware of various aspects as

well as schemes of their development have also important place as target group of Lok Prerna.

Lok Prerna has also been very cautious in trying to understand the pros and cons of the development efforts made by different stakeholders including research institutes and undertakes study projects to know more about the natural resources, its management.

Health particularly water sanitation and hygiene, nutrition, reproductive and child health, education along with natural resource management and improved agricultural practices are also taken into account from time to time for research and study in project implementation mode.

VISION

An established society based on non-exploitative, self-reliant social order, devoid of inequalities, regardless of caste, creed, religion and sex and characterized by the dignity of individuals with primacy of truth and non-violence for its perpetuation.

MISSION

Empowerment of the lowest rungs of the society by involving individuals, community and different stakeholders.

- * Commitment to render selfless service.
- * Accountability to the Society.
- * Work with team spirit.
- * Punctuality.
- * Participatory approach in all aspects.
- * Sensitive towards women.
- * Secular in spirit

PROGRAM INTERVENTION AREA:-

LOK PRERNA spreads its reach in four districts Deoghar, Dumka, Pakur and Jamtara of Jharkhand. The geographical coverage map of LOK PRERNA's intervention area is given below:

ACTIVITIES IMPLEMENTED DURING THE YEAR-2019-20

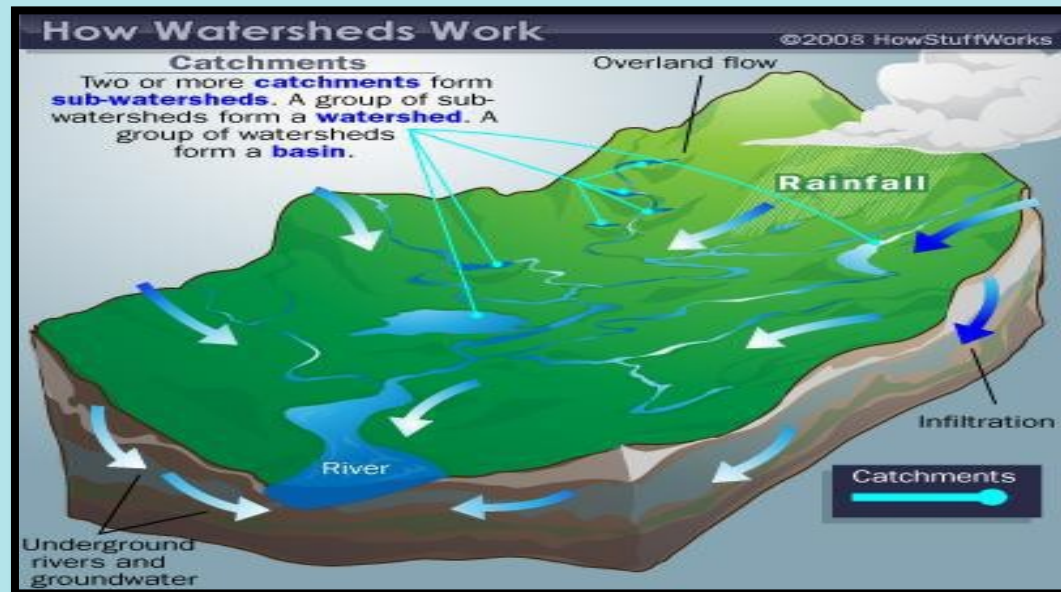

ProjectName:- Watershed Development Program for Sustainable Agriculture Development

Supporting Agency:- NABARD, Government of Jharkhand

Goal of the Project:- To Save Water & Soil

Targeted Group:- Small Marginalized Families of Farmers

Intervention Area: - 52 Villages of Jamtara District

OBJECTIVE OF THE PROGRAM

- To prevent soil erosion.
- To control damaging runoff.
- To moderate floods in the down-stream areas.
- To protect, conserve and improve the land resources for efficient and sustained production.
- To protect and enhance water resources, reduce silting up of tanks and conserving rain water in ground.
- To utilize the natural local resources for improving agriculture and allied occupation so as to Improve the socio-economic condition of the beneficiary.

ACHIEVEMENTS:-

#	Activities	Villages	Benefit Farmers	Quantity (nos)
1.	Farm Pond	47	82	82
2.	TCB	15	25	144 (hec.)
3.	WAT	25	30	20 (hec.)
4.	DCT	4	13	2 (hec.)
5.	Farm Bunding	7	28	15 (hec.)
Total	98	178		163 (hec.)

MAJOR ACTIVITIES :-

POND

Pond is a water harvesting structure. Constructed for harvest rain water and store water for the other season. Water will used for Agriculture purpose, Fishery purpose and also helps in to improve ground water.

ORGANISING NUTRITION CAMP:-

Our countries one of the most serious problems is malnourishment among children between age group 6 months to 5 years. Government is trying to reduce the Percentage of malnourished child through free treatment and nutrition support to the children by treating them in MTC centre for several days but that does not produce any behavior change of their day to day activities. The goals of the nutrition camps are to let the mother to acquire knowledge of malnutrition and also behavior change toward **Sanitation, Proper nutrition** and knowledge of food. In our current project area, by the support of our donor, we have successfully organized a couple of nutrition camps for the children between age group 6 month to 5 years face severe malnutrition due to lack of proper health, education, hygienic practices, ignorance of food, lack of knowledge in food groups. Community participation in this camp brings a positive change towards the weight and health of the children who were categories according to necessity.

FODDER AND PADDY SEEDS DISTRIBUTION:-

Through the MPGs located at the households of the farmers, we could demonstrate the cultivation of improved fodder and Paddy varieties and the enhancement of milk and rice production by scientific ways of farming. These seeds were distributed along with the seeds of mustard and gram in the year 2018-19. These included both **Kharif** as well as **Rabi** crops. In order to disseminate the latest and appropriate technologies related to improved agriculture.

TCB:-

TCB is improved Version of Field bunding constructed in the Fellow and Westland. It is constructed for Harvesting of rain water and to improved moisture level of soil and also to reduce soil erosion and run off rain water.
